This document has been digitally signed using GPG. You can verify its authenticity using my public key.

Fingerprint = F18621DB5F3A0E5317F1217ABB4D770FCDCC1139.

The signature file (.sig) to be used to verify the authenticity of this .pdf can be found on my GitHub repository at (github.com/Nicholas-R-Sheriff/nicholas-sheriff-gpg-doc-sigs). The (.sig) signature file is namesake to this .pdf, yet ends with the '.sig' suffix. Download it and place it into the same folder as this .pdf to verify it after having my public key imported in your keyring, hence move to the folder and run `gpg -verify`.

The public key is available on the Ubuntu keyserver under my G-mail address (keyserver.ubuntu.com). Should you need assistance with verifying the GPG signature, please see gnupg.org/gph/en/manual/x135.html.

Personal data processing authorization

I hereby authorize the processing of my personal information found in the CV, in accordance with the regulations set forth in the Italian Legislative Decree enacted on June 30th 2003, n°196 "Code on Personal Data Protection" as harmonized by the Italian Legislative Decree enacted on August 10th 2018, n°101, in acceptance of the provisions defined by the *European Regulation* 2016/679 (GDPR).
